October 27 Mobilization

JOIN US IN CHICAGO for a massive outpouring to stop the war, one of eight regional protests in the US and more around the world.

Bring your family, co-workers, friends & neighbors—especially those who have yet to take action.

- ◆ **Fund Human Needs, Not the War:** In addition to the terrible cost in human lives, money we are spending in Iraq is not going to our cities for health care, housing, infrastructure, job creation, education and sustainable energy. While tens of thousands of our soldiers and hundreds of thousands of ordinary Iraqi people are dying and being maimed, firms like Exxon, Haliburton and Blackwater are making billions. Since this Summer, the total cost has gone over \$450 billion, with no end in sight.

- ◆ **Defend Civil Liberties, Defend Immigrant Rights:** The war-instigated 'Patriot' Act, which over-reached any rational concerns with security, is eroding our Bill of Rights. Arab-American and Muslim-American communities especially are under attack, which has in turn expanded into wider fears and scapegoating of immigrants in general.

Donations are needed:

CAWII/Oct27
3411 W Diversey, Suite 4
Chicago, IL 60647

- ◆ **Stop the Violence, at Home and Abroad, No Wider Wars:** Violence, whether at home or overseas, cheapens life and destroys dignity. Prolonging the war and occupation spurs greater instability throughout the Middle East while robbing communities of the resources they need. It's time to return to diplomacy, transparency, and accountability instead of abuse of power, torture, and neglect.

Make Your Voice Heard: Bring Our Troops Home!
